Combined request for special arrangements pertaining to coronavirus

The official measures ordered in the context of the spread of the SARS-CoV-2 virus, such as quarantine, closure of educational institutions, cancellation of events and generally the restriction imposed on daily life, may lead to liquidity bottlenecks and payment delays.

A prerequisite for application of the measures listed below is in all cases that you have carefully checked whether you are affected and can credibly demonstrate that you are affected by a liquidity bottleneck that is specifically attributable to the SARS-CoV-2 virus infection having a negative impact on your activity. The tax office presumes upon receipt of your request that you meet this requirement.

For unbureaucratic help, this request can be sent to the mailbox corona@bmf.gv.at. You can submit the applications in FinanzOnline as well.

Activity (industry)	
Identification	Industry code (if known)

Reduction of advance payments of income tax/corporate income tax for 2020

My activities are affected by the consequences of the SARS-CoV-2 virus infection. This has the effect that the current imposition of advance payments for the calendar year 2020 is too high. I request that the advance payments be changed in accordance with the expected annual tax for 2020 (§ 45 IV of the Austrian Income Tax Act 1988) or for reasons of the extraordinary burden on liquidity (§ 206 I lit. a of the Austrian Federal Tax Code).
